INNOVATION

TACOMPACT BOARD

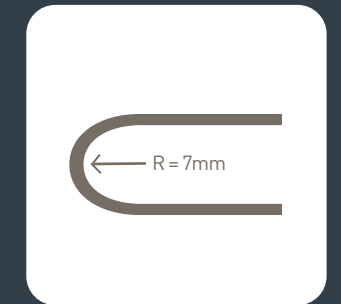

Extremely rigid, durable and highly moisture & impact resistant, our TACOMPACT laminate boards are available in the standard 1220 mm x 2440 mm size with 12 mm thickness (other thicknesses available by request). TACOMPACT boards are suitable for heavy-duty areas of application such as toilet cubicles, partitions, protective wall claddings, wet rooms and high impact counter tops.

THICKNESS 12MM

POSTFORMING HPL

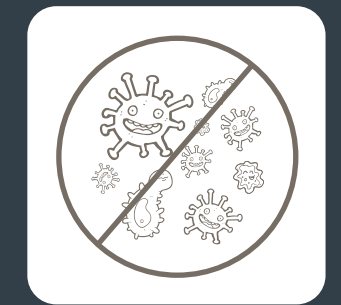

Our postforming grade laminate is crafted with high resin technology that presents a very slim yet elegant profile that leaves no room for any pointy sides due to its super flexible characteristic. Bendable up to a very small 7 mm radius, our postforming grade laminate allows continuous curve to avoid the need for covering edges! Get creative when designing furniture with our postforming HPL.

SUPER FLEXIBLE

LAB GRADE HPL

Even though all HPL is inherently hygienic due to its density and ease of clean, our antibacterial grade laminate provides extra protection as it is produced with a special nanosilver ion technology from Germany that is proven to inhibit bacterial growth and reduce the quantity of bacteria by 99%. This characteristic makes it perfect for use in hospitals, labs, schools, gyms and restaurants.

WHY TACO LAMINATES?

Your key benefits in choosing our laminates

Having been established in Indonesia for over 37 years, TACO is the largest supplier of laminates in the interior furnishing industry.

With our own manufacturing facility, we always advance endlessly with the sole aim to energize present products with superior benefits.

Our laminates are non-toxic with no formaldehyde emission content and conform to grade 2 fire retardancy as well as Greenguard and FSC certified.

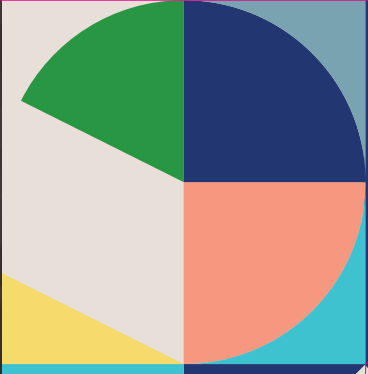

We use imported press plates for precision, consistency and uniform sanding to make our laminates carpenter and DIY friendly.

Our laminate collection is offered in numerous colors and patterns with the latest trendy designs that do not easily fade and are also guaranteed to be available all across Indonesia.
